General Note

Your booking for a Germanwings flight contains the flight data valid at this point in time. Due to the capacity situation at various European airports and because flights to destinations outside the European Union are subject to government approval, slight deviations in departure times can occur. For this reason, we recommend that you re-check the validity of flight times up to 24 hours prior to your scheduled departure time by referring to the flight schedule at our web site www.germanwings.com. Seat reservation: You can reserve a seat even after you have bought your ticket. You can do so up to 3 hours before departure via the call centre or at the airport desk. A seat reservation costs 8 EUR per passenger and leg (on domestic German flights add VAT). If you reserve a seat after booking and pay with a credit card, we levy a reduced credit card fee of 1.50 EUR (on domestic German flights add VAT). If you do not reserve a seat, you will automatically be allocated one at no extra cost when you check in.

Turnover Tax Evidence

19% VAT is displayed as part of the price for domestic German flights and supplementary services (e.g. excess baggage, changes to bookings). Invoices / confirmations of booking for international flights do not show the turnover tax in accordance with Art. 26, Para. 3 UstG (German Turnover Tax Law).

If the booking was made with an AirPlus card, this does not entitle you to deduct input tax. The invoice from Lufthansa AirPlus serves this purpose.
